

# ***spell your life***

**the fabric of your life is woven  
by the thread of the spells that you have spoken  
choose your sentence wisely and awaken  
to the life that you've been making  
because manifestation is there  
for those who dare  
to create their own fate  
thought, word, action  
think it, speak it, watch it happen  
the difference in a master  
is that it simply happens faster**
